First published by the Author at Southampton in 1803 and reprinted for Him at Oxford, Lond, Cork and Dublin in various Years to about 1810. Eighth Edition, faithfully reprinted from the first, incorporating the additions and corrections of the later editions. Edited, with bibliographical notes by Julien Renard. Melbourne: Published by Edition Renard, 2005. 8vo, Deluxe Limited Edition; pp. [vi], 42(last colophon); sewn & cased in original papered boards, with printed title-label and translucent dustwrapper. Melbourne; Edition Renard; 2005. ***Deluxe Limited Edition of 75 copies within a total edition of 200 numbered copies, and now first published since about 1810. All the original editions are of great rarity. No copies of the 2nd or 3rd editions have been recorded and the first (Southampton, 1803) edition is extremely rare, while the 4th (Oxford, 1806), 5th (London, 1809), 5th (i.e. 6th, Cork, undated), and 6th (i.e. 7th, Dublin, also undated), editions are all very rare. The work is of considerable importance as one of the few accounts of Hunter’s period as Governor. Hunter was dissatisfied with Bond’s behaviour in the colony and complained of him in dispatches. Hunter was instructed to return him to England and Bond left the colony under a cloud in 1800, but his narrative was evidently very popular. He gives an account of the operation of the convict system and the economic corruption in the colony, and describes early efforts to encourage free settlers. He includes also comments on the Aborigines and on the natural history of the colony, including much from first-hand experience. See Ferguson 480; Wantrup, pp. 91-3. #15237 A$110.00

Sydney; The Trustees of the Public Library of New South Wales in association with Ure Smith Pty Ltd; 1969. ***An important journal of the flagship of the First Fleet bringing convicts to the founding settlement of Australia, this facsimile of the original manuscript and watercolours is a very valuable contribution to the early history of the settlement. The journal is penned in a clear and legible hand. Bradley was on the Sirius on her voyage to the Cape of Good Hope for supplies, which went eastwards and around Cape Horn, meeting in these high latitudes the “ice islands” amongst which they sailed for twenty-eight days. His illustrations include two fine watercolours of these “ice islands”. He also recounts the wreck of the “Sirius” at Norfolk Island and the subsequent story of the crew during their eventual return to England on a chartered Dutch vessel.

Erskine, John Elphinstone; Captain, R.N. **A SHORT ACCOUNT OF THE LATE DISCOVERIES OF GOLD IN AUSTRALIA;** With Notes of a Visit to the Gold District. First Edition; pp. [ii], 102(last blank); folding map (partially hand-coloured) showing the location of the goldfields; contemporary calf-backed cloth boards, armorially stamped; (first four leaves slightly foxed; otherwise fine and clean); top edge gilt, others uncut; a very good copy; rare. London; T. & W. Boone; 1851. ***Ferguson 9461 (collation inaccurate). With the bookplate of the noted historian, politician and collector, Sir William Stirling. Erskine, better known for his “Journal of a Cruise among the Islands of the Western Pacific” visited Australia in 1851 and wrote this account of the discovery of gold in New South Wales on his passage back to England. He made a personal excursion to the new discoveries, or diggings, as he refers to them at Summer-hill Creek and the Turon River. His dated notes of this journey form the appendix to this volume which commences with a brief account of the earliest discoveries of the 1820s and earlier, and continues with a detailed account of the discoveries from the late 1840s onwards. The map is adapted from Mitchell’s map and information from H.M.S. Acheron and drawn up by Captain John Lort Stokes for the Author. This was the first eyewitness account of the goldfields and is particularly rare in this first edition. A second edition was published in 1852; this is also of considerable rarity. #16725 A$5500.00

12 lithographed plates executed by J. Aragon (a small narrow strip torn from blank fore-margin of first plate), Errata, List of Subscribers; a fine copy with only a touch of the foxing usually found; recent half dark red morocco, raised bands on spine, with cloth sides. Madrid; I. Boix; 1843. ***Ferguson 3697 (2 copies only); Hill 2, 1157; Not in Sabin; O'Reilly-Reitmann 1039; Forbes 1431. Michelena y Rojas was a native of Venezuela and his narrative was printed in Spain for publication in Venezuela by subscription. Ferguson notes erroneously that this work contains accounts of all seven voyages made by the author, but in fact the entire work (apart from a brief note in the Preface) concerns his sixth and most important voyage, one of the rarest and least-known voyages to the Pacific. Departing from Mazatlan, Mexico, Michelena y Rojas crossed the Pacific in the years 1840-41, spending some 33 days exploring the Hawaiian Islands (to which he devotes 4 chapters, including portraits of Kamehameha III and Governor John Adams). From there he sailed to Tahiti, Rotuma and via Norfolk Island to Australia (with a fine plan of Sydney in 1840, a plate of part of the Botanic Gardens and another of the aboriginal inhabitants). He continued to Vanikoro (with an account of Dillon's discovery of the fate of La Perouse), Guam in the Marianas, the Caroline Islands, Philippines, Macao, and Singapore. His route is traced on the folding map and the author includes an account of the Papuans. Some doubt has been cast by Saul H. Riesenber on the authenticity of the narrative but it seems clear that it is an amalgam of personal observation and information from other contemporary sources. Michelena also published (1837) the official account of the Venezuelan exploring expedition up the Orinoco and down the Amazon Rivers, and later wrote a history of South American exploration published in 1867.

Phillip, Arthur: **COPIES AND EXTRACTS OF LETTERS** from Governor Phillip, giving an Account of the Nature and Fertility of the Land in and adjoining to any Settlement in New South Wales, and Of the Probability of raising any, and what Provisions thereon, and of the Behaviour and Employment of the Convicts sent there, and which have been received since the last Account was laid before the House of Commons. To which are prefixed, Copies and Extracts of Letters from the Office of Secretary of State for the Home Department, bearing Date since the last Accounts relative to the Transporting of Convicts to New South Wales, and providing for the same. London: Printed for J. Debrett, Opposite Burlington-House, Piccadilly. M.DCC.XCII. Med. 4to, First Edition; pp. [ii](title, verso blank), [ii](Contents), 128(last blank); (a little moderate foxing); old full calf in contemporary style by Sangorski & Sutcliffe; a fine copy; very rare. London; J. Debrett; 1792. ***Ferguson 144; Wantrup 12. This is the public reprinting of the House of Commons Paper published two months earlier, together with the extremely rare “Extracts of Letters, &c from Governor Phillip, relating to New South Wales. Ordered to be printed 21st May 1792” (Ferguson 143). The latter is reprinted at Pp. 123-127 of the present work and deals particularly with agriculture and land cultivation. These are invaluable documents on the progress of the fledgling settlement during 1790, especially the letters from Phillip, King, Paterson and other colonial officers. Even the lists of clothing and other articles requested and sent out are immensely interesting for the light they shed on the needs and problems of the colony. A foundation work of paramount importance, very seldom offered for sale. #21798 A$35,000.00
